Experience / Projects

Windsor Film Making

TECH: WORDPRESS, PHP, CSS, JAVASCRIPT

Feb 2025 - Present

I'm currently working as a web developer on a project for a film school that requires a full website redesign.

Portfolio Project

TECH: LARAVEL, SCSS, SQLITE

I created and deployed my digital portfolio using Hostinger, I simultaneously deployed my latest complete projects for view they all support a responsive design (mobile, tablet, desktop) and include some work I've done at Vanier college as well as personal projects. Included is the Github repository for each project to review.

Education

Web Developer

Certificate in Website Design Specialist

Vanier College | 2024 - 2025
